

COUNTY OF YORK

MEMORANDUM

DATE: March 24, 2005 (BOS Mtg. 4/5/05)

TO: York County Board of Supervisors

FROM: James O. McReynolds, County Administrator

SUBJECT: Yorktown Piers Fee Schedule

As the Board knows, the Yorktown Village Operations Plan includes procedures for use of the piers by transient boaters, cruise ships and lessees of dock space. Included in those procedures are fees which require formal approval by the Board of Supervisors in order to be applied upon completion of the construction of the piers. The attached proposed Resolution R05-65 presents the draft schedule of fees for formal consideration and approval by the Board. If authorized, those fees would become effective immediately, thereby allowing staff to advise those making inquiries for reservations of docks space what charges they might anticipate. It is my recommendation that the Board approve proposed Resolution R05-65 and the Fee Schedule as presented.
